LETTER OF APPRECIATION TO SPACE SIMPLIFIED SDN BHD

Space Simplified by 23 showed proficiency in communicating and understanding of our requirements from the very beginning of the project planning stage till the period of the renovation.

They constantly provide recommendations with solutions in realizing the fancy ideas that we have in mind. More importantly, the solutions given were practical enough which was always within our budget.

Besides, we were impressed with the flexibility and credibility of the your team in accommodating our needs from time to time even after the project were completed.

We look forward to collaborating with your team again in near future.

Sincerely,

Phan K. H.
Managing Director
