Dear Ryan,

Letter of Appreciation for Space Simplified Sdn. Bhd.

I would like to take this opportunity to commend Space Simplified Sdn. Bhd. Space Simplified have delivered an good job as Design Consultancy for Kulim Central Food Court in the project of Kulim Central, Kedah.

We were impressed with their innovative ideas at pitch. The team listens carefully and is successful in translating our requirements into practical and 3D design perspectives. We were amazed with how the team conceptualized the interior design by exploring the design language with local cultural characteristics in a contemporary modern and industrial approach. This reflects the team's flexibility and focus on client.

It's obvious that Space Simplified's key competencies and strengths are taking the time to understand the brief, the thoroughness of approach and strategic thinking that went into creative yet innovative of design proposal. We heartily recommend Space Simplified as your interior design consultancy team and look forward to working with you soon.

Sincerely ,
